

www.franchiseeslinked.com

“Our goal is to help maximize the profitability of your franchise business through improved franchisee communication and networking.”

Easily communicate with your fellow franchisees anytime, anywhere. Don't wait for the next meeting.

Share ideas, ask for suggestions, get input from other franchisees. You may feel isolated, but you're not alone.

Work as a group There is strength in numbers.

Let your voice be heard - share your thoughts and concerns. You might not be the only one in your situation.

Franchisees Linked endorses franchising. We know that franchising is the most successful business format in history and has given many business owners an independent life style along with financial success. But we also know that ***not all franchisors are created equal.***

Franchisees Linked is an advocate for franchisees. We can help your communications between franchisees and allow you to voice your opinion to the franchisor. ***Many times in a franchise at the franchisee level, the vocal minority often dominates the more silent majority.*** We all know the 80/20 rule. Are you being heard? Do you even exist? Does your franchisor know your challenges? Many times another franchisee may have the answer.

Newly listed franchises listed will receive a 30 day free trial!

Franchisees Linked

- FREE introductory memberships. Go to our website for more details.
- We offer month to month memberships. You can cancel anytime.
- Communication is accomplished mainly through forums on our website.
- Earn money by helping us grow. Promote our website. You will be compensated for each franchise member you refer to Franchisees Linked.
- We offer privacy settings to choose from. Communicate anonymously or use your identity. It's up to you.

“The cost of good information and communication is minimal. The cost of a bad decision based on bias or lack of information can be extremely costly.”

- Share vendor and new product information
- List items for sale – equipment or a location
- Take a poll on an issue
- Discuss operational issues- what works, what doesn't work
- Share sales strategies
- Ask or give advice
- Combine purchasing efforts
- The subjects are endless. This is your place to share and gather information.
